Notes:

Similarity with button shapes and placement and arrow keys.
also with layout.
Simplicity homepage.
Proximity of list grouping them together.
Continuity sort by.

mainly buying to tickets to a movie, or looking for a good movie to wtach in the cinema.
very rigid purely text based which doesnt resemble the film they wanna watch. They dislike the big box which really is very pointless just taking up space.

As a young adult I need to use this machine to buy a ticket.
